# Cables, splitters and protective collar seals
for LogiCO2 Safety Systems

CE

FUNCTION

Cables, connetors and splitters

RJ45 cables, connectors and splitters adapted for the LogiCO2 Safety Systems.
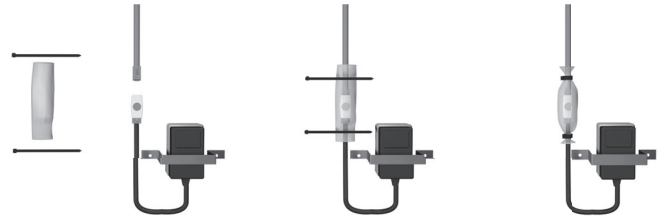

The RJ 45 cables for the safety systems are either blue or red. The red side is for power and communication and the blue side is for signaling.

Collar seal

The protective collar seals with tie straps should be used to protect the RJ45 1-1 connector or RJ45 1-2 splitter from moisture and dust.

TECHNICAL DATA

Cable specification:	CAT5 AWG24
Cable connector:	RJ45
